Vapo-Cresolene

ESTABLISHED 1879

A simple, safe and effective treatment for bronchial troubles, without using the stomach with drugs. Used with success for thirty years.

The air rendered strongly antiseptic, inhaled with every breath, makes breathing easy, soothes the sore throat, and stops the cough, securing restful sleep. Cresolene is available to patients with young children and a boon to sufferers from Asthma.

Cresolene relieves the bronchial complications of Scarlet Fever and Measles and is a valuable aid in the treatment of Diphtheria.

Sold by Chemists.

STREET WIDENING TO BE DISCUSSED

For a public hearing on the widening of Hotel street, the board of supervisors will meet this evening. This hearing has already been postponed twice, once because of the death of Cecil Brown, when the board adjourned out of respect, and last Wednesday on the request of the C. Brewer Estate, which wishes to have included in the project a further widening of Hotel street.

Collins is working on this today and expects to have the necessary figures for the meeting this evening. The new project is on the mauka side of Hotel, walkway of Fort, and will cut off a part of Perkins' studio and Sachs'. The Brewer Estate is anxious to have this work done but it will probably be brought out under a separate improvement.

It is also probable that there will be considerable discussion on the question of cutting the ironwood trees at Kapiolani as Collins has written a letter to the board asking for immediate action and it is also understood that a member of the board will present a resolution touching on this subject.

According to the February report of Dr. James T. Wayson, city and county physician, a total of 656 patients have been treated by the city and county and at institutions receiving approvals from it.

The number at the different institutions are: Queen's Hospital 58, Leahi Home 31, maternity 6, Palama dispensary 334 and city and county physician 227.

GLASS OF SALTS CLEANS KIDNEYS

If Your Back is Aching or Bladder Bothers, Drink Lots of Water and Eat Less Meat

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The functions of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it is no longer a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Adv.

LOCAL AND GENERAL

The Masonic board of relief meets at 5 o'clock this afternoon.

Honolulu Commandery meets tonight to confer the Knights Templar degree.

Olive Branch Rebekah Lodge confers its whist tournament Thursday evening.

There will be a whist tournament after the regular session of Excelsior Lodge, I. O. O. F., tonight.

A son, their second child, was born yesterday to Mr. and Mrs. Thomas J. Lincoln of 1615 Fort street. Lincoln is with the naval department.

Mrs. Hana Maheama Paia, aged 95 years, formerly a retainer of Queen Liliuokalani, died yesterday at the home in Kapiolani park of her grandson, William K. Paia of the Honolulu Iron Works. The only child surviving, is Mrs. Ku of Moiliili. The deceased was born at Lahaina. The funeral will be from Silva's undertaking parlors this afternoon and burial is to be in Kawaiahae cemetery.

HARBOR BOARD'S STAND BELIEVED TO BE JUSTIFIED

(Continued from page one)

negation presumably relating to the question of federal jurisdiction, may force the military committee of the house of representatives to bring to a speedy close its investigation to ascertain why the German refugee ships have not been moved from Honolulu harbor.

This was another of the rumors around the capitol.

Chairman Evan da Silva expects to hold a meeting at 7:30 o'clock this evening with the harbor board to further discuss the German ship question. It will be an executive session.

GUARD RULING IS VERY IMPORTANT

According to a new order just issued by the War Department regarding enlisted men in the National Guard, when an enlisted man permanently changes his residence from one state or territory to another he may obtain a discharge and it is entirely optional with him whether he joins the National Guard at his new residence. If he does reenlist he is credited with the time served with the organization at his former residence. If he changes his residence from one place to another within a state or territory, however, he is simply transferred to the other organization.

When an enlisted man changes his residence for a period not exceeding six months, he is furloughed to the reserve with the option of returning to active service on his return.

Authority is also given the governor of each state and territory to discharge an enlisted man who has been certified by the adjutant general as qualified to serve in the officers' reserve corps.

ADMIRAL KNIGHT IS ON SHERIDAN

Taking Admiral Austin M. Knight to Manila, where he will relieve Admiral Albert G. Winterhalter as commander-in-chief of the Asiatic fleet, the United States army transport Sheridan, Capt. W. A. Carleton, docked at Navy Pier No. 2 at 7:15 this morning from San Francisco. She will steam for Guam and Manila at noon Thursday.

Admiral Knight, who has been commander of the Narragansett Bay, R. I., naval station for the last three years and has also been president of the Naval War College, is accompanied by his daughter, Miss Katherine G. Knight, and his chief of staff, Commander Carl T. Vogelgesang, who is also from the Naval War College. The admiral, who is stopped at Washington en route, He declined to talk on the international situation or what preparations are being made for eventualities on the Atlantic Coast. Admiral Knight will relieve Admiral Winterhalter at Manila.

FRENCH SOLDIERS DIG AND HOE GARDENS IF NOT DIGGING TRENCHES

[By Associated Press]

FRENCH FRONT.—Like the stage-driver who spent his monthly day off in riding on an omnibus, the French soldier when released for a short respite from digging and guarding trenches passes most of his time digging and hoeing truck gardens. All along the French front, around the depots and the cantonments and even about the dugouts, The Associated Press correspondent has seen admirably laid-out truck gardens. At the beginning of the new year there were 5622 of these plots under cultivation by French soldiers, and the produce of these plots for the past year is valued by the army authorities at 12,000,000 francs at wholesale prices. Nearly everywhere good results have been obtained and passing through the country parallel with the trenches the correspondent saw on

POSTOFFICE HAS NEW ENVELOPES

That the postoffice department is now able to furnish "window" envelopes, the kind having an opening or transparent panel in the front through which the address is disclosed, to Honolulu business firms in lots of 500 or 1000, is the news received by the postoffice in the last mail from Washington. The envelopes will be furnished in three popular business sizes.

In General Order No. 548, issued by the San Francisco postoffice and dated February 24, are some timely postal rulings concerning "window" envelopes, which the postoffice authorities think should be known by local printing firms supplying them to customers. They are as follows:

Light Stationery Required

"Such envelopes shall bear the card of the sender, that is, the name and address of the sender—which shall be placed in the upper left corner of the address side. This address of the sender should include the street and number or number of postoffice box.

"The stationery used in 'window' envelopes, or at least the portion upon which the exposed address appears, must be white, or if colored, of a very light tint or shade. The use of dark-colored stationery in 'window' envelopes is not permissible. Nothing but the name and address of the addressee should appear in that part of the enclosed visible through the 'window.' The address should be written clearly and boldly, preferably in type-writing, with ink of a dense black or other strongly contrasting color. 'Window' envelopes not conforming to the foregoing are not acceptable for mailing." (Postoffice department ruling of July 1, 1916.)

Leave "Window" Space Clear

"Concerning suggestions for the proper use of 'window' envelopes the same ruling says:

"Any printing of matter in close proximity to the window in a window envelope diverts the attention of postal employees from the name and address of the addressee appearing through the window, and therefore the space immediately around the window of a window envelope should be left perfectly clear.

"It is understood that many concerns ordering envelopes are not acquainted with the requirements of the Postal Laws and Regulations, but persons furnishing envelopes to others should in fairness to their customers fully acquaint themselves with such requirements."

all sides well tended and flourishing beds of cabbages, Brussels sprouts, lettuce, leeks and other green stuff. Not only, however, are vegetables of all kinds grown by the men, but in some cases the soldiers have initiated small breeding establishments for the raising of domestic animals, and often while shells are whistling overhead the chorus is joined by squealing hogs and cackling and quacking hens, geese and ducks in the styes and runs erected by the soldiers.

Baron de Carter de Marchienne, Belgian minister at Peking, was appointed minister of Belgium at Washington.

Exports of the port of New York for January amounted to \$301,929,548. The Northwestern Railroad has lifted its embargo on all grain to Chicago.

Hope Almost Abandoned When She Found Remedy

Dr. Caldwell's Syrup Pepsin
Relieves Chronic Case of
Long Standing

After a long period of suffering with liver and bowel trouble that brought on piles, during which she had tried many remedies without obtaining relief, Mrs. Mary J. Jewell of Berrien Springs, Mich., heard of Dr. Caldwell's Syrup Pepsin and obtained a bottle from her druggist. This simple, inexpensive laxative compound brought almost immediate relief and Mrs. Jewell wrote to Dr. Caldwell about her case.

In her letter Mrs. Jewell says: "I had tried so many things for the piles, without being helped at all, I had almost given up hope of ever being any better. I knew it was the condition of my bowels that caused them, and after I had taken a bottle of your Syrup Pepsin I knew it was just the medicine I needed. I am very grateful to you for sending me the little book—the advice and instructions it gives would teach anyone how to get well and how to keep well."

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin, free from opiate or narcotic drugs, and is mild and gentle in its action, bringing relief in an easy, natural way, without griping, or other pain or discomfort.

Druggists everywhere sell Dr. Caldwell's Syrup Pepsin for fifty cents a bottle. To avoid imitations and ineffective substitutes be sure you get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois, or by calling at Benson, Smith & Co., wholesale distributors, Honolulu.

Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink
hot water each morning
before breakfast.

Why is man and woman, half the time, feeling nervous, despondent, worried, some days headachy, dull and unstrung; some days really incapacitated by illness.

If we all would practice inside-bathing, what a gratifying change would take place. Instead of thousands of half-sick, anemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms poisons which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, some bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone, its cleansing, sweetening and refreshing effect upon the system.—Adv.

TEA DANSANT AT LANIAKEA

Children must have rich, pure milk!

Every mother knows how essential this is. She knows, too, the difficulties of doing so—especially in warm climates.

There is no food so suitable for baby as that provided by Nature, but in some cases Condensed Milk has at times to be used, and no Condensed Milk will be better for baby or give better results than Highlander.

It is here that Highlander Condensed Milk will prove of such value to her. Tens of thousands of mothers throughout Australasia and the Pacific use it.

Absolutely germ-free, Highlander Milk is prepared by a process that ensures sterilization. It is the richest, purest milk from specially selected herds in the famous dairying pastures of Southland, New Zealand—with part of the water evaporated and the purest No. 1A Cane Sugar added.

Highlander Condensed Milk

There's a free copy of the Highlander Cookery Book awaiting you—nearly 200 beautifully illustrated pages of practical economical "tested" recipes. Send your name and address to-day to "Highlander," Dept. "A," Fred L. Waldron, Ltd., Agents, Honolulu. LOT 7535.
